Attorney Docket No. 089070-0311365 (23439-010)

In Response to Office Action mailed December 14, 2004

REMARKS

By this Supplemental Amendment, claims 1-66, 68-88, and 90-94 have been amended and claim 67 and 89 have been cancelled. Therefore, claims 1-66, 68-88, and 90-94 remain pending. Support for the instant amendments is provided throughout the as-filed Specification. Thus, no new matter has been added.

The Examiner is thanked for the courtesies extended to the applicant's representative during the personal interview conducted on September 13, 2005. The interview was requested by the Examiner to discuss the format of the claims. The amendments made herein are, in part, a result of those discussions and, in part, based on a general review of the claims. The amendments are all made to improve the form of the claims and not as a result of any need to further clarify the claims to distinguish over the prior art. In fact, in some cases the claims have been broadened slightly as a result of the amendments. The Examiner indicated that he would prepare a detailed summary of the interview along with the next response.

In view of the foregoing amendments and following comments, allowance of all the claims pending in the application is respectfully requested.

CONCLUSION

It is respectfully submitted that the application is in condition for allowance. Notice to that effect is respectfully requested. If the Examiner believes, for any reason, that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at the number provided.
